Standard Chartered Limited NEW YORK, NY - ABA Routing number 026002561 (Current default)

Citibank, N.A. - ABA Routing Number 021000089

NOTE: If your wire instructions indicate to use a particular Intermediary or Receiving Bank, you may continue to use it as appropriate.

- **Sent** – the payment is outbound to the financial institution's back-office application.
- **Overdue** – the payment is currently overdue. It has reached its effective date or send date but is still pending approval.
- **Confirmed** – the wire payment or transfer has been transmitted and fully processed, and the financial institution has returned a confirmation number.
- **Failed** – the financial institution could not process the request.
- **Deleted** – a company user has deleted the payment or transfer.

13. Q. How are intermediary bank “lifting” fees determined on an international wire?

A. International fees (also known as commission charges) are common in many international wires. These fees are charged by intermediary banks to process a wire transfer through their bank. To ensure that the amount sent by the remitter (sender) is the amount the beneficiary (recipient) receives, also known as “principal preservation” of the wire amount, you must include the intermediary bank fees in the wire amount.

The fees are as follows:

If, less than \$100 – no fee

14. Q: How do I enter a long beneficiary name that could potentially cause the wire to be rejected?

A: The beneficiary name field is limited to 35 characters. You are provided an additional three fields of 35 characters each (105 characters total) for the beneficiary address. If the Beneficiary name exceeds the 35 characters limit, it can be continued under the Beneficiary address field.

- Beneficiary names should not be abbreviated except when indicating standard business entity type (e.g., Co, Ltd., and Inc.).
- Use standard abbreviations for States (i.e., CA for California).

15. Q: What additional beneficiary information should I provide to help clear OFAC screening?

A: To avoid the wire being flagged for OFAC review, particularly if the beneficiary’s name is a common name, please provide the complete beneficiary address and include the beneficiary’s date of birth (DOB) if the funds are being sent to an individual.
